

英検®準2級 リーディング対策プリント（オリジナル例題）

■ オリジナル例題

From: Emily Brown
To: Mr. Clark
Date: May 12
Subject: Library Event

Dear Mr. Clark,

I am a student at Green Town High School. Our English teacher asked us to prepare a short presentation about community places, and I chose your library. Many people in town visit the library every week, and I would like to talk about how it supports local citizens.

On the library's website, I found some information about the history and the reading programs. However, I would also like to know what special events you hold for children and families, and how your staff makes reading more enjoyable. If possible, may I interview you or another librarian next week? It would help me create a better presentation.

In addition, could I take some pictures inside the library? I want to use them in my slides. If it is not possible, I understand. Please let me know.

Sincerely,
Emily Brown
